EXPERIENTIAL LIFE LONG LEARNING ACTIVITY
MONTH-SEPTEMBER
CLASS-7

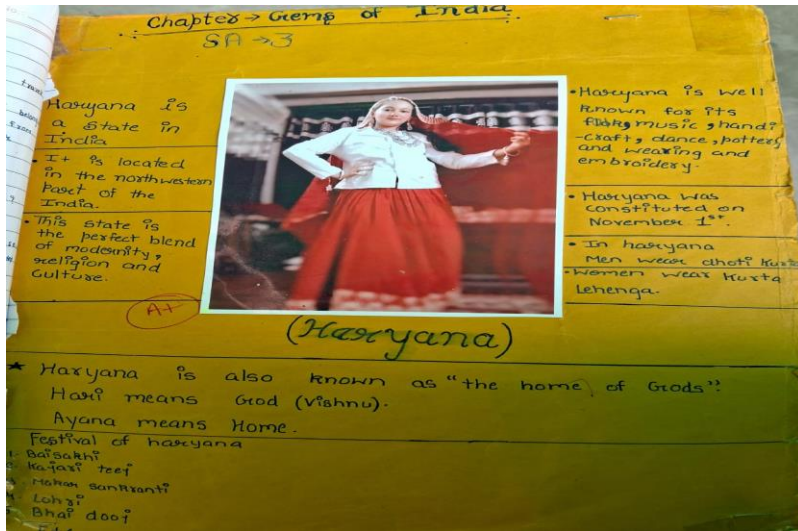

SERIAL NUMBER	SUBJECT	CONTENT (EXPLANATION)	MATERIAL REQUIRED	AT THE TIME OF CONDUCTING ACTIVITY PICS
1.	MATH	<p>Topic: Triangles and its properties</p> <p>Sub topic: Theorem: Angle sum property</p> <p>Objective: : To make students understand that why the sum of all the angles of a triangle is 180 degree.</p> <p>Learning Outcome: students will be</p>	Cut out of triangles, sketch pen protractor	

		able to prove with reason that all the angles of a triangle s 180 degree.		
2.	SCIENCE	DNA Extraction from Banana	Beaker, glass rod, funnel, filter paper, salt, soap,	
3.	HINDI	<p>Topic: व्याकरण</p> <p>Subtopic: संवाद लेखन</p> <p>Objective: Students will be able to express emotions.</p> <p>Learning Outcome: Students get information about the origin of Hindi language</p>	Blackboard and chalk	

		through methodology	
--	--	---------------------	--

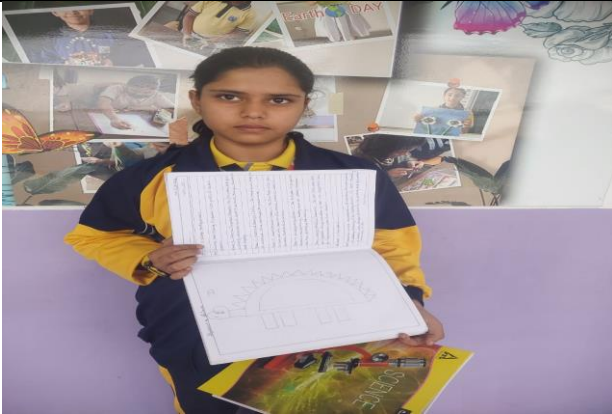

4.	ENGLISH	<p>Topic – spoken skill</p> <p>Subtopic- Role play</p> <p>Objective- students will be able to speak and express.</p> <p>Learning Outcome- students will express and share their feelings and minset</p>	Dress state wise and assessories
----	---------	---	----------------------------------

5.	FRENCH	Explique les adjectifs (The students have explained the adjectives.)	Notebook	
6.	SANSKRIT	शब्द रूप एवं धातु रूप गतिविधि	कागज और कलम	

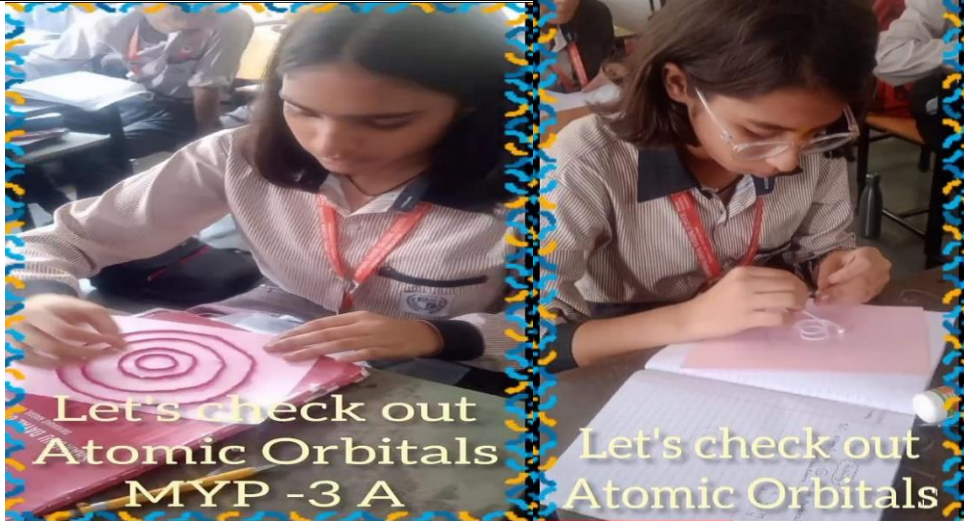

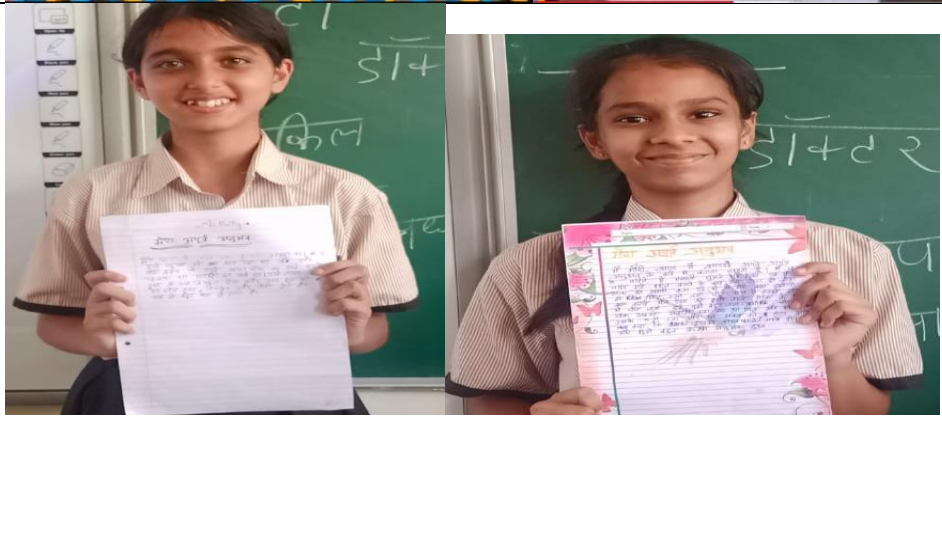

7.	INDIVIDUAL AND SOCIETIES	SDG GOALS	Chart paper Sketch pens	
				
8.	PHE	Nutrition (meaning, Types & Importance)	Chartpaper,pencil & sketch colour	

				
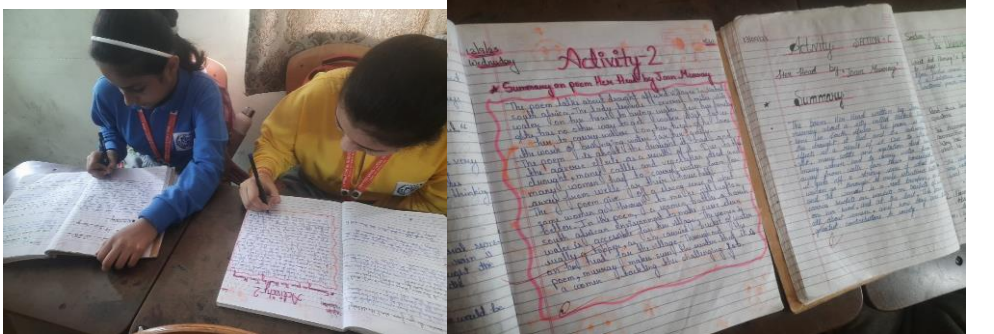

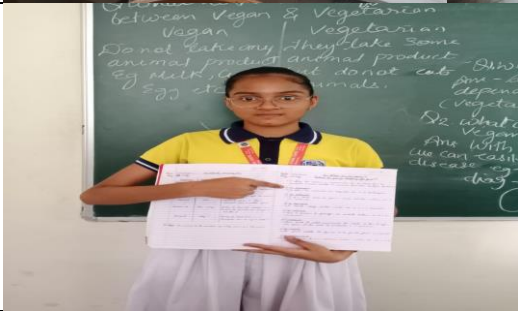

9.	DESIGN	ALPHABET ART	<p>Design file Pen Color Eraser Pencil eraser</p>	
10.	VISUAL ARTS	<p>Topic:Ganesh Painting Objective: to relate the importance of Ganesh Chaturthi with sketching and colouring</p>	<p>Acrylic colour Brush Art file Pencil eraser</p>	

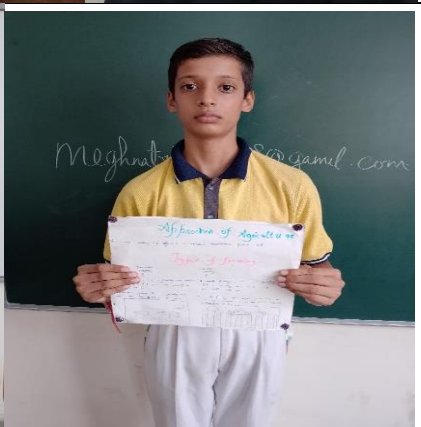

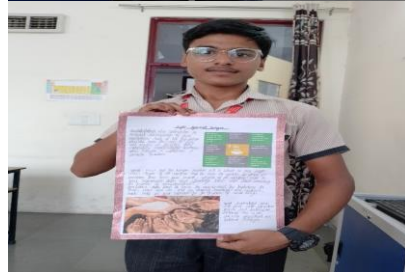

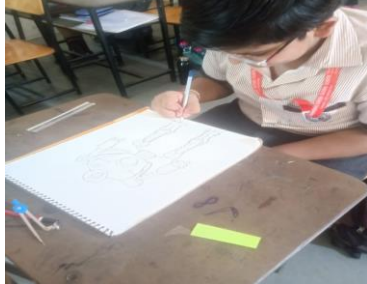

SHAMBHU DAYAL GLOBAL SCHOOL
EXPERIENTIAL LIFE LONG LEARNING ACTIVITY
MONTH-SEPTEMBER
CLASS-8

SERIAL NUMBER	SUBJECT	CONTENT (EXPLANATION)	MATERIAL REQUIRED	AT THE TIME OF CONDUCTING ACTIVITY PICS
1.	MATH	<p>Topic: Square</p> <p>Sub topic: finding two digit number square by column method</p> <p>Objective: : To make students understand that without actual multiplication also we can find the square</p> <p>Learning Outcome: students will be able to find the square of two digit number without actual multiplication of numbers.</p>	A4 size sheet of any colour sketch pen scale	<p>The activity involves finding the square of a two-digit number (97) using a column method. It consists of three stages shown in the photos:</p> <ol style="list-style-type: none"> Writing the number 97 above a 2x2 grid. Filling the grid with the digits: Top row (8, 1, 6, 3) and Bottom row (6, 3, 4, 9). Writing the final result 9409 below the grid.

2.	SCIENCE	Check Out Atomic Orbitals	Threads, wool, beads, fevicol etc.	
3.	HINDI	<p>Topic: व्याकरण</p> <p>Subtopic: सूचना लेखन</p> <p>Objective: The basic objective of information writing is to convey complete information to the public in fewer words.</p> <p>Learning Outcome: Students explain how to listen actively and respond productively to others.</p>
