

REPORT OF THE ACTIVITIES CONDUCTED IN THE MONTH OF JULY'23

FUN WITH SWINGS-

Active play is so incredibly important for children. While it can be tempting to let them play games on a phone or tablet throughout the day, kids need fun options that include fresh air and opportunities to release energy.

An outdoor swing provides that and so much more – it's an outdoor activity your kids will actually look forward to doing.

PICKING THE CHANNA WITH TWIZZER

Story telling activity- “Storytelling is the most powerful way to put ideas into the world”. Telling stories in front of kids promotes brain development & imagination. It develops language & emotions in kids. Pre-Nursery to Prep students enjoyed the power of cinematic story. The class teacher narrated the story and explained the morals and values gained from it. The session was highly interactive and engaging for the students.

DRAWING ACTIVITY- To help children think creatively and express their feelings, a drawing activity was conducted for the students of class Prep. Children drew various objects used in the summer season, summer fruits & vegetables, etc. Students participated with full zeal and displayed their immense talent with confidence.

PUPPET SHOW

Learning through play is fundamental to a young child's education, helping them develop the necessary skills in life. Puppets can stimulate children's imagination, encourage creative play and discovery and are a wonderful interactive way to encourage language and development.

WASTE MATERIAL ACTIVITY-

Kids need to learn the importance of protecting the environment and recycling and reusing at an early age. This post lists some incredibly creative waste material crafts for kids to play with and tinker around. So, we have been thinking of some engaging ways to teach waste management to our kids, these fun craft ideas are for you.
