

# REPORT OF THE ACTIVITIES CONDUCTED IN THE MONTH OF MAY'23

**Simon says game-** This game is an excellent way for children to know different flowers and animals. Prep students enjoyed playing this game in class with their classmates. They participated in the game enthusiastically. This activity also helped in developing motor skills, listening skills, and social emotional skills.

## SPORTS ACTIVITIES

Sports day can be a great way to show children how much fun taking part in sport can really be. It also gives children the opportunity to showcase their talents to their families and friends.

- Improve health and fitness
- Build leadership and teamwork skills
- Improve social skills
- Develop discipline

We have covered a whole range of different activities for you to plan and enjoy. Perfect for your whole class, no matter their skill level.

## FUN WITH COLOURS ACTIVITY

Colors are a part of daily life and are all around us. The best way for children to learn them is to experience them and play with them.

The concept of colors can't be taught in one sitting and kids need lots of experiences to learn them that is why we at SDGS planned different activities for our toddlers to learn colors as Exposing children to and teaching them about the colors develops their visual perception – which is the ability of the brain to correctly interpret what the eyes see. This is an important

pre-reading skill.
