HOLIDAY HOMEWORK CLASS – III-B

(Session: 2022 – 23)

NAME:**CLASS:**

“We did not inherit the earth from our ancestors, we have borrowed it from our children.”

Greetings!

It is summer vacation time again, a time to relax as well as fruitfully occupy the children in various scholastic and co-scholastic areas. Keeping this in mind, our teachers have painstakingly designed interesting Projects / Assignments for children to be completed during the summer vacation. This would encourage in-depth learning, strengthen concepts, and prepare ground for improved academic output. As parents, kindly motivate and lend support to your children and ensure that they complete the given work well-in-time and to the best of their ability. Your encouragement can make a huge difference to the ultimate learning outcome of these projects. We would be happy if parents encourage children to work on their own. Please note the following: -

- ✓ Make your child read Hindi and English story books and children's Science magazines as much as possible so that each child can contribute to the school magazine in some way or the other.

- ✓ To make them aware of their surroundings, tell them to watch various informative T.V. Channels like Discovery, National Geographic, History and Animal Planet.
- ✓ To enhance their creative talent, motivate them to draw / paint, make PPT presentations on any family celebration or any activity / place / concept that interests them.
- ✓ Last but not the least, practice English and Hindi handwriting.
- ✓ Let these assignments / projects be fun filled so that learning is always a pleasurable activity for our young children.

We look forward to your co-operation.
